PLANNING & DEVELOPMENT SERVICES

The Planning & Development Services Department serves as an information resource and as the point for coordinating development functions for the public and other City departments. The Planning staff provides expertise and policy advice to citizens and staff alike and also works to create new standards for community enhancement. The Department serves a unique role in balancing the needs of the development industry with the interests of the public. It is housed with the Building Inspection Department in the Development Service Center in order to facilitate permit processing and questions from the public.

Land development works best when the property owner and Planning & Development Services staff communicate openly about the nature of the proposal and the regulations that affect it. To provide you with the best service possible, we highly recommend that you take the time to meet with a planner in advance of submitting your application. Please call 325.676.6237 to make an appointment with one of our staff members.

DOCUMENTS & MAPS

Reports, Plans, Ordinances, Maps, and other documents are often available on the City's website (www.abilenetx.com) at no charge. Copies of these will be provided at the reproduction cost, currently 10 cents per page for black and white copies and \$1per page for color copies. In addition, any other actual materials costs will be assessed.

Requests for the creation of maps or other documents not already existing will only be available based on availability of staff and will be billed at a rate of \$25 per hour, plus the cost of reproduction and/or materials.

INFILL DEVELOPMENT INCENTIVE

Projects located within the designated "infill area" are eligible for a fee reduction of 50% in accordance with the City's infill Development Strategy. This does not apply to any portion of a fee that is based on actual costs to the City, such as filing plats, photocopies, notifications, etc.

Please answer the following question in order to assist Staff with the processing of your Zoning request. Please (if necessary) provide background information for the zoning request and explain why you feel it is appropriate.

RECOMMENDATIONS

The Planning & Zoning Commission (P&Z) and the City Council look to the Planning & Development Services staff to make a recommendation for the approval or disapproval of this application. We will make every effort to notify you (FAX or E-mail) of our recommendation at least one (1) week in advance of the scheduled meeting of the P&Z Commission. In the case of a rezoning, and when the public interest requires it, we may recommend a rezoning to a Planned Development District (PDD) or a classification other than the classification requested. We will notify you of our decision to propose a PDD as soon as possible after the application is filed to give you time to prepare a site plan.

PUBLIC NOTIFICATION

The public is entitled to examine this application and participate in the decision-making process. In most cases, we are required to notify all property owners within two hundred feet (200') of the boundaries of your property. To ensure the fullest possible consideration, we may also notify neighborhood groups, organizations or individuals that have a special interest in a particular issue. Except for matters that the Planning & Development Services staff have expressly agreed not to disclose (and provided the law allows us to hold the matter in confidence), then all information that we deem relevant to the review and processing of this application may become public knowledge.

PLEASE READ BEFORE SIGNING

The undersigned has read the above application and hereby certifies that the information contained therein is complete, true and correct; and does hereby request that said application be submitted to the Planning & Zoning Commission at the earliest available meeting.

I understand and acknowledge that it is my responsibility to furnish an accurate and precise legal description of the property, and only the property, that is subject of this application, and that failure to furnish such information prior to the application deadline date will delay the processing of this application. I also understand that the City must notify affected property owners of this application. In the event that I fail to submit in a timely manner any information that the City deems necessary to transmit this application to the Planning & Zoning Commission or City Council, then in lieu of dismissal I hereby request that this application be temporarily withdrawn from further consideration until such information is submitted, and I agree to pay a resubmission fee of \$120 to reimburse the City for the expense of re-notifying affected property owners. I have been informed of the tentative date and time that the Planning & Zoning Commission and City Council will hear this application, and I understand that hearings may be continued from time to time at the discretion of the Commission or Council to allow for full consideration or when the public interest requires a continuation.
